WORK EXPERIENCE

MMEink., Farmingdale, NY   **2022**
Lead Web Developer
- Proficiently crafted and maintained websites utilizing both WordPress and hand-coded HTML, adhering meticulously to ADA and WCAG accessibility standards.
- Skillfully designed and executed email campaigns in full compliance with legal requirements.
- Innovatively engineered backend inventory management software tailored for distribution venues and events.
- Diligently upheld and enhanced OpenCart software to optimize distribution processes.

Aim Services, Saratoga Springs, NY   **2020-2021**
Web Developer
- Counseled and supported adults with developmental disabilities in the conception and supervision of websites and e-commerce enterprises, while adeptly guiding their utilization of online business tools.
- Conducted personalized consultations to discern unique requisites, culminating in the development and customization of specialized resources facilitating individualized content management.
- Spearheaded the establishment and oversight of social media profiles, static websites, and virtual retail platforms.

Quality Ventures, Hauppauge, NY   **2018-2020**
Full Stack Engineer
- Directed end-to-end web creation process, specializing in React front-end and Node.js backend technologies.
- Collaborated seamlessly with LAMP components, offering API REST end-points and custom WordPress plugin expertise.
- Engaged directly with designers and clients to seamlessly implement innovative features.
- Proficiently conducted comprehensive testing, diligently maintained, and expertly troubleshooted complex e-commerce systems.

Eastover, Lenox, MA   **2014-2015**

Web Developer / IT Technician

- Successfully orchestrated the transition of the Eastover website from Joomla to WordPress, encompassing creation, upkeep, and seamless porting.
- Collaborated closely with proprietors and construction team to establish an efficient intranet network spanning all property structures.
- Skillfully tackled intricate hardware, software, and network challenges, consistently delivering precise and effective issue resolutions.
- Strategically preconfigured website templates to accommodate forthcoming events and future modifications.
